new First Steps with SOLO Taxonomy

First Steps with SOLO Taxonomy is filled with practical advice, useful tips, maps, rubrics and templates. This book shows how SOLO strategies and resources can be used to create a common language of learning in any curriculum area and to help students of any age adopt a growth mindset when learning. Supported by these resources, both teachers and students will be able to reap the benefits of a model that makes learning visible so that they can readily use the taxonomy to identify and describe what they are doing, explain how well it is going and predict what they should do next.

Ages 5-18 years

RIC-0473 Finished Already! | Age 11+ | \$29.90

Dyslexia Matters

Learning language patterns is a key to literacy, but what sets the Dyslexia Matters series apart is its focus on best practice for teaching these patterns to children with dyslexia. It offers a rich and important foundation of phonemes, phonologic awareness and general phonics knowledge. Designed as a progression of activities, it also has the flexibility to work only on the age-levelled patterns of each book where appropriate.

ER-5603 Book 2 | Ages 7-9 | \$44.90

ER-5604 Book 3 | Ages 9-12 | \$44.90
