### HOW DO I FEEL? BOOK

Join Aroha and her friends as they share how different emotions feel in the body and how each emotion can be helpful. This dictionary is all about helping children find the words for how they truly feel. Learning to recognise and label our emotions is an important skill for life. Only when we know how we feel can we know how best to manage that emotion, if we need to. How we feel is never wrong or bad. Our feelings are always valid!

### SENSORY FIDGET TOY KIT

The 8 toys in this kit provide cues to help children deal with big emotions, calm their minds and bodies, reduce anxiety and stress, and practice quiet focus. Each hands-on fidget toy offers a unique experience, allows for independent play, and helps children become resilient learners who respond positively to any challenge! Contains 1 sensory fidget tube, 1 globe stress ball, 1 playfoam jumbo pod, 1 rainbow coil spring, 2 marbelised poppers, 2 glowsticks, 20 popcubes and 100 links.

### SENSORY WORRY STONES

These tactile stones have been designed to soothe and calm children, helping them to focus, concentrate and feel secure: key elements of productive learning. By holding and/or rubbing a stone, a child's sensory input is occupied, helping to relieve stress and anxiety, freeing their mind to focus on the task in front of them. Offering an appealing range of shapes, textures and natural colours, the set includes twelve stones: two each of six designs (heart, egg, grooved, knobbly, two-tone and hollowed).

### LITTLE PEOPLE SENSORY PLAY SET

These charming little people have been designed to invite play, but not dictate it. Durable enough for outside use in all weathers and environments. They have a warmth to them, while having no facial expression, and hence no directive as to how they should be used or what they are feeling. Characters can be sad, happy, furious, shy, jealous, and any other emotion in between. The range of colours, sizes and hairstyles mean that the people can be sorted and classified by a number of criteria. Three sets of three figures, each set a different colour.

#### SPECTACULAR KINETIC SAND

Kinetic Sand is a lot like dough - it can be twisted, shaped, tossed or sliced. It's a great sensory product and children will marvel at the sand and how it can be shaped, then turned back into sand in an instant. Kinetic Sand stays dust free and allergen free and is naturally antimicrobial meaning an agent that doesn't allow micro organisms to live within the sand. Kinetic Sand is also gluten free and won't stick to young hands. Our value pack includes both the sand and 5 moulds.
